According to a Washington story
Justice Harlan is said to have
expressed a desire to resign from the
supreme bench and accept the
Republican nomination for Governor of
Kentucky, with the intention of round-
ing out his career as Governor of his
own State.

The last of the Kentucky registered
bonds of the issue of 1885, which
accrued interest of \$250, were paid
by the State Auditor today. There were
ten bonds, of \$1,000 each. This
leaves the total State debt \$21,000
of coupon bonds. There is a \$100,000
balance in the Treasury.

William J. Bryan, a trustee for the
late Philip Sherman Bennett, of Con-
necticut, has sent Gov. Beckham a
check for \$400 for the Kentucky State
College, it being part of the \$10,000
left by Mr. Bennett to be given to
colleges and invested so as to pro-
vide an annual prize for the best es-
say on the principles of free govern-
ment.

Attorney Lawrence Maxwell, of
Cincinnati, has been retained by Ar-
thur Goebel, of Covington, to appear
with Attorney General Hays and At-
torney C. J. Bowman, of Lexington,
on behalf of the Commonwealth, be-
fore Federal Judge Cochran in the
matter of the attempted transfer of
the case of Caleb Powers from State
Court to the United States District
Court. The motion of attorneys for
Powers, former Governor Yates, of
Illinois, and others, is to be argued
at some length before Judge Cochran
at Mayaville today.

BUSSEYVILLE.

We attended the reunion at the
Hutchinson cemetery on the 25th ult.
The exercises consisted in songs,
social chats, renewing of former ac-
quaintances, prayer and an oration
by Rev. I. B. Hutchinson. A large
crowd was present, and about thirty
of the immediate relatives. The
evening fully spent, the crowd filed
away, and the whole ceremony was
left a beautiful carpet of flowers.
Just before the benediction was pro-
nounced Mrs. Carter, assisted by Mr.
Leon Hutchinson, of Huntington, with
camera—ever ready—took a snap
shot at the crowd, the cemetery and
the carpet of flowers. All had a
nice afternoon, then repaired to their
homes.

The 4th and last Quarterly meeting
of the Elaine Circuit, M. E. Church,
South, was held at Evergreen last
Saturday and Sunday, Rev. S. A.
Donahoe, P. E., in the chair; best
quarterly meeting ever held on Elaine
Circuit; largely attended, much busi-
ness done and preaching to the
hear every day. Sacrament adminis-
tered at Sunday service to 55 per-
sons. We wish we had time to more
fully outline the service, but time and
space forbid. It was a service much
enjoyed and long to be remembered.
Rev. Grizzle filled his pulpit here
Sunday.

D. C. O'Neal, whose illness has
before been mentioned, is somewhat
improved, and is able to take horse-
back rides every now and then.

R. H. Dulaney has been forced to
call upon Dr. Banfield for relief, as
to his eyes. He returned home this
week somewhat improved, we are
glad to say.

The Sunday School at this place
will observe Children's Day with ap-
propriate exercises next Sunday night,

Kenova, are here visiting her parents,
Mr. and Mrs. Jep Meeks.

Then what? Better please it
by giving it a good hair-food—
Ayer's Hair Vigor. The hair
stops coming out, becomes
soft and smooth, and all the
deep, rich color of youth
comes back to gray hair.

I was troubled greatly with dandruff until
I used Ayer's Hair Vigor. It completely cured
the dandruff and also stopped my hair from
falling out. It saves me very much time in
dressing, and I feel in my skin. I wish—

JUDGE THOS. H. PAYNTER,

Candidate for United States Senator to Succeed Blackburn.

It is with particular pride that the
people of Eastern Kentucky, and
especially those of the Ninth Con-
gressional district, contemplate the
 candidacy of Judge Thos. H. Paynter
for the high office of United States
Senator. Being a native of this
district and having served our peo-
ple in Congress for three terms we
are in position to know his worth.
None ever served in constituency
more faithfully than he. During his
six years in Congress he made the
reputation of being one of the hard-
est workers in that body. He en-
joyed the confidence and respect of
all the members with whom he served,
being recognized as a gentleman
of more than ordinary moral and in-
tellectual worth. Mr. Paynter was al-
ways at his post of duty. No letter
that reached him ever went unan-
swered. No call from a constituent
was ever ignored, no matter
whether it was from a Democrat or
Republican, rich or poor, influential
or humble. This same spirit of
fairness and faithfulness stands out
through all his career as a servant
of the people and is one of the
strongest elements in his success.
He has never met defeat because he
is the kind of man the people want
in positions of trust. Sober, sincere,
honorable to the highest degree, he

is above reproach.
As a member of the Court of Ap-
peals, the highest tribunal in our
State, he has made an enviable re-
cord. Throughout the State he is now
held in the same high esteem that
he has always enjoyed at home.

As United States Senator the State
of Kentucky would have in Judge
Paynter just such a man as is need-
ed. He would command the respect
of all his colleagues and would be
able to accomplish much for the peo-
ple of his State. He might not sus-
tain the unenviable reputation attach-
ing to Kentucky's ex-consumers of
great quantities of liquor, but he
would be a man of fine
appearance and dignified bearing,
of excellent social qualities, and is ex-
tremely popular.

His candidacy is timely, as the
State needs such a change as his
election would give her. There is
not a man in the State who more
nearly fits all the conditions de-
manded at this time. It is hardly
possible that the people will throw
away this opportunity to secure
better service in the United States
Senate.

At any rate we would like to see the
road machine; principal part of our
people never saw one. Will the of-
ficials send one up here?
Thanatopsis.

The mandamus suit of Henry B.
Noble to compel County Judge Hargis
to accept his bond as Superintendent of
Schools of frostbitten county, was
decided in favor of Hargis at Jackson.
Judge Hargis announced his willing-
ness to accept the bonding company
as surety if the court was of the
opinion that he had a right to do so
after the office had been declared
vacant. The court ordered that the
bond be accepted and Mr. Noble qual-
ified.

Herbert E. Bradley, of Columbus,
O., representing the stockholders of
the Covington, Flemingsburg & Ash-
land railroad, has sold the road to
the Cincinnati, Flemingsburg & South-
western railway company, a new cor-
poration for \$112,500, including rolling
stock. The transfer was made Thurs-
day.

The road is a narrow gauge, seven-
teen miles long, but will be extend-
ed into Bath county through Menifee,
Pike, Morgan, Letcher, Leslie and El-
bert to the Tennessee line, opening
the richest timber and mineral lands
in the south and will be made a stand-
ard gauge.—Ironton Ironman.

PIKEVILLE.—Two new babies—
a boy and a girl—are at the home
of Dr. W. J. Walters, on Valley street.
They are a handsome pair, and moth-
er and father are delighted.

Thomas J. Clarke, Chief Clerk of the
Railway Mail Service, was in consul-
tation with our postmaster today, and
we understand we are to have two
mail trains a day—the service to begin at
once.

The Big Sandy Railway
Company, composed of mineral people,
with whom is connected R. A. Bel-
lier, one of our prominent townsmen,
have succeeded in purchasing a right-
of-way for eight miles of railroad ap-
proaching the creek, the construction
of which will be begun with in a
month. They hope to have it com-
pleted and ready to begin operations
by the end of the year.

At a special election, Thomas H.
Davis, Democrat, was elected to Con-
gress over Lakin, Republican, from
the Second West Virginia district, by
a majority of about 1,000. He suc-
ceeds Dayton.

FALLSBURG.
Fallsburg is quite a different place
at present when compared with what
it was a few years ago when whiskey
business was carried on here and the
little village was in an uproar
almost day and night or long as in-
toxicating drinks were and everybody
here recollects the two murders that
were committed while the whiskey was
sold. But at present all is quiet and
everybody is attending their own busi-
ness. There is three stores, selling
meats. There is a kind of goods that the people in
town or surrounding country need,
and two blacksmith shops and a good
grist mill to grind the farmer's corn.
And what is very important to have
the young and rising generation learn
what the bible teaches is a good Sun-
day School, and Jay Austin is attend-
ing to that and is well qualified for
that business, and Wm. Austin, Jay
Austin's father, is having Sunday
School at the Hewlett School House
on Hewlett branch.

David Moore, who has been living
between the head of Horsford and
Ittane, had the misfortune to have
his dwelling house and almost all of
his household goods destroyed by fire
a short time ago. The fire origi-
nated from a defective stove pipe. He
and his wife are staying with his
sister-in-law, Ed. Webb at present.

If all the candidates that were de-
feated at the primary could talk like
Wm. Justice it would be genuine
democracy.

The work on the trestles at Mrs.
Hewlett's and Fuller's is progressing
very well. There seems to be plenty
of work hand at both places. E. E.

The following refers to Rev. Wm. Washington, who was in charge of the Louisa Episcopal Church in addition to the Ashland charge.

"Newport, Ky., June 6.—The Rev. William B. Washington, son of Col. Geo. Washington, of this city, has received a call to take charge of a wealthy congregation in New York city, which he will in all probability accept. The Rev. Mr. Washington, who is twenty-eight years of age, received his education in the New York schools and later attended Center College, at Danville, Ky. He then completed his studies for the ministry at Columbia University, New York. His first charge was at Ashland, Ky., where he erected a handsome church, and during his pastorate he has been unusually successful. His parents received word today of his call."

The Southern Bell Telephone Company has begun the construction of a line from this city to Williamson. The route will be by the way of Louisa, Ky., where an exchange will be put in. This will be a good line when completed, and will prove a great convenience to Huntington people.—Huntington Dispatch.

The above item is incorrect as to putting in an exchange here, but it has been arranged to have a station here. This will give us long distance connection with the outside world, something we have badly needed for a long time.

The following from the Ashland Independent refers to a former Louisa boy, second son of the late George Strachan. Ben now holds a good position with the C. & O. at Staunton. His brother, Sam is at Memphis, Tenn., filling a responsible place in connection with the fast freight service.

"Deputy County Clerk Howard Mullin, lastest Benjamin Franklin Strachan, of Staunton, Va., and Mary D. Lallance, of Huntington, a marriage license this morning. They were married at Ashland today."

The City Council met Tuesday evening and elected N. B. McGuire to the office of Marshal, to succeed Al. Westman, resigned. Mr. McGuire gave bond and entered at once upon his duties. It is believed that he will make a good officer.

Residents of the Burchett addition to Louisa on the south, along the railroad track, applied for a narrow concrete sidewalk. No action was taken.

There was no other business before the Council except some routine matters.

Mrs. C. C. Hill, Mrs. E. C. Jenks, Mrs. Chas. Crutcher, Mrs. Ira Wellman and Miss Mollie Bromley represented the Baptist Louisa Aid Society at a meeting of the Federation of the Societies of the Greenup Association held in Catlettsburg, Thursday. Mrs. Jenks read an excellent paper her subject being, "Christianity and Work."

Call on D. J. Burchett, Jr., & Co. for your seed potatoes, line corn, patent plow, bar, brick, high grade grass seed, Michigan white seed oats and all kinds of feed. Flour and meal in paper bags for retail trade. Also a full line of Pratt's foods. Call on us and be satisfied. Store opposite new depot.

Louisa, Ky.

Dr. F. D. Marcum has accepted the position of physician for a mining company at War Eagle, Mingo county, W. Va., and left for that place Sunday night. His family will remain here for the present. Dr. Marcum is a competent physician and his friends wish him success.

Doors and Sash.

The Snyder Hardware Company has just received a car load of doors and sash of various kinds and sizes and is offering them at the lowest prices ever named in Louisa. Builders are invited to look at the stock.

Prof. Martin Ridman, of this city, who is at the head of a school at Clifton, Ga., is quite ill. His father, H. P. Ridman, of 12th street has been summoned to his bedside. Ashland Independent.

First Train to Pikeville.

The initial trips made by C. & O. trains on the Big Sandy Division under the schedule of date June 4th were made Monday, June 5th, when No. 37, Jack Johnson, Conductor, left Pikeville at 4:45 a. m., and No. 36, Billy Myers, Conductor, left Ashland at 6 a. m. Returning, No. 39 left Pikeville at 12:30 p. m., and No. 38 left Ashland at 4:05 p. m. And no untoward occurrence marred the journey to and from the present Southern terminus of this important branch of the great C. & O.

From Prestonsburg to Pikeville large numbers of people, of all ages, sexes and conditions, watched the swift progress of the smoothly running trains, and much satisfaction was expressed at the propitious circumstances which marked the beginning of what will undoubtedly be a prosperous era for the upper Sandy.

The changes wrought by the building of a railroad up this beautiful valley are very great, and very marked to one who had not seen the country through which it runs for many years. Many places which are now marked by new and handsome houses, busy mills and business houses were, before the coming of the road, simply spots of earth, having, maybe, a cornfield, an orchard, or perchance, a cross-roads store. Every flag station, even along the line will one of these days be a thriving business place and the already prosperous people—good people they are, too—will continue to thrive and wax fat with plenty.

The following is taken from Wednesday's Catlettsburg Press:

At 11 o'clock yesterday morning Miss Ida McElraith and Dr. J. Woodard, of Newport, Tenn., were joined in the holy bonds of matrimony by Rev. S. H. Boggs, at the home of W. A. Patton, of Broadway. Promptly at 11 o'clock the bride and groom entered the parlor to sweet strains of Mendelssohn's wedding march, played by Miss Clara Belle Patton. Rev. Boggs conducted the ceremony, addressing some beautiful remarks to the happy couple before pronouncing them man and wife. The bride was bewitching in a handsome blue silk traveling gown with hat to match. Immediately after the ceremony the guests were invited to the dining-room to partake of the excellent evening course wedding breakfast prepared for them. Covers were laid for 12, on the table clothed in snowy linen, the centerpiece composed of bride roses and ferns. The floral decorations throughout the house consisted of white lilies, bride-roses and ferns. Only the immediate family was present, with the exception of Mrs. M. E. Ford, who was the only invited guest. Dr. and Mrs. Woodard, left on the 12:45 train for Cincinnati, where they will spend a week, going from there to Knoxville to visit relatives of Dr. Woodard's; then on to their future home in Newport, Tenn. The congratulations and good wishes of all attend them.

The following is from the New York Herald:

"Speaking yesterday at the monthly meeting of the Long Island Methodist Preachers' Association in Brooklyn, the Rev. Frederick F. Shaanon, pastor of Grace Methodist Episcopal Church, denounced costly society luncheons and the lavish expenditure of money on dogs. He said in part:—

"Nero shod his mules with silver. Perhaps it was from him that New York women borrowed the idea of clothing their pet dogs in purple and blue linen. In this city are women who spend \$1,000 a year for clothes for poodle dogs. Those creatures wear urine lined coats worth \$200 apiece, and in each dear little coat for each dear little dog there is a pocket for the poodle's face handkerchief. They wear collars set with precious stones valued at hundreds of dollars.

"Mr. Moffett tells of one kind woman who had a Queen Anne cottage built for her dog. The rooms were papered and carpeted and the windows hung with lace curtains. We are told that a woman called every morning to bathe and curl and perfume the little warring and then take him out for a walk. What a pity the dog should be caught in such company!

"New Yorkers have not only fattened their vanity upon high priced dogs, but, as already indicated, vanity is the toastmaster at their extravagant banquets. New York not long ago took a step in advance of ancient Rome, when steamed rhinoceros was served at a fashionable hotel.

"Let us not be too severe on heathen Rome. Remember that we have monkey dinners, jungle dinners and horseback dinners here. Surely the shades of Nero pale before the comparison!"

Dr. W. L. Gambill, son of Dr. J. J. Gambill, Sr., and nephew of the late Harry Gambill, has just opened up an office for the practice of his profession in Ashland. He is one of the most brilliant young doctors in the State. Dr. Gambill graduated in medicine four years ago from the Hospital College of Medicine, Louisville, Ky., taking first honor of the class for four consecutive years. His general average on examination was 99.12 per cent, the highest grade ever made by any graduate in the history of the college. After his graduation Dr. Gambill served one year as resident physician and surgeon to Louisville City Hospital. This brilliant young doctor is sure to come to the front in the bustling city of Ashland.

Johnson, assistant dean in mathematics at the State College at Lexington, has received a call to the chair of mathematics at the University of Nevada and has resigned his position to accept the offer. Prof. Johnson will go to Reno, Nev., where the college is located, in time to begin his duties at the opening of the next term. We are glad to learn of the advancement of Prof. Johnson. He was here two weeks ago visiting his mother and other relatives.

Those of our citizens to whom the matter has been mentioned are heartily in favor of an appropriate celebration and committees will no doubt be put at work at once to complete the details. It is no small task to arrange these affairs, but it is worth the while of Louisa's people.

COME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce. He has recovered free the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as a personal consultation. Many negatively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is rarely sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't suffer with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.—take his advice and you will be well.

Mrs. R. M. Mott, of Lebanon, Tenn., writes: "I have received your 'Favorite Prescription' and it has cured my long-continued case of female weakness. I feel like a new woman. I am now able to do my share of the household work and to go out with me."

On receipt of one cent stamp, to pay cost of mailing only, we will send to any address a paper-bound copy of Dr. Pierce's great 100-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

This was the assurance gathered from a talk which some Kentuckians had today with Postmaster General Cortelyou. Ex-Senator Tom Kirk, husband of the postmaster, is here. John W. Charges of inability to properly discharge the duties of the office were made against Mrs. Kirk, and an inspector recommended her removal.

One of the men, Nathan Meek, received a sentence of 21 years in the penitentiary. Meek was convicted of the murder of a stranger, a land and mineral prospector. He saw the man draw quite a sum of money from a bank and under pretense of showing him some coal lands, lured him into a secluded spot and murdered him.

Ben Caney was given seven years for murder. He was indicted a dozen years ago, but fled the country and was not captured until a year ago. His trial and conviction followed.

The other prisoners received terms varying from one to five years.—Frankfort Journal.

As You Like It

That is about the way The Mutual Life Insurance Company of New York issues policies in these days of varied requirements in business and family life. The prospectus to a letter written by Mr. The Walter of Clarksville, Del., enforces this thought.

What Mr. Walter did take was a dividend check for \$16.98 on the paid-up policy of \$1,000, which cost him all told \$48.02. He says:

The reason which I particularly like about my policy is that the longer I live the more I get and that during the last few years I have been getting more of it than I did at first. (From Wilmington (Del.) News, Nov. 27, 1904.)

In writing for terms for a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK

OBITUARY.

The following is taken from the Humboldt (Kansas) Herald: Ellen L. Hatcher, daughter of James G. and Christiana Hatcher, was born at the Mouth of Mud, in Floyd county, Ky., February 14, 1835, died March 21, 1905, aged 69 years, one month and seven days. She was married to James A. Reynolds, March 14, 1854. From this union twelve children were born, eight of whom survive the mother. She removed to Illinois in the spring of 1865 and came to Kansas two years later where she has since resided. Her death was preceded by that of her husband which occurred November 23, 1899.

Mrs. Reynolds united with the Christian church at Ashland, Kansas, in 1881 and since coming to Allen county while not a communicant with the church her sympathies have ever been with the Lord's work. She was a dutiful wife and fond and affectionate mother, much devoted to her home and her children. Mrs. Reynolds' death came very suddenly. She was apparently in good health, having gone to the cupboard to procure something to eat and with out warning, fell to the floor dying a few minutes later. Funeral services were held at the old home on Thursday, conducted by Rev. R. H. Tankley, after which the remains were placed at rest by the side of her husband in Louisa Cemetery. The children are: Mrs. Robert Foster, Mrs. James Russell, Mrs. Albert Davis, George and Joe Reynolds, Mrs. Delphrey and Mrs. Bell Hylthe. She was also survived by four brothers, James H., of Ellettsburg, George M., of Bonanza, Andrew J. and Ferdinand C., of Pikeville, all of Kentucky.

Mother is gone but not forgotten. Never shall her memory fade. Sweetest thoughts shall ever linger. Around the place where she was laid. Just beyond the golden gate, Where the Angels wait and wait, A mother so pure and sweet, Is sitting at the Savior's feet.

But we all hope to meet her again, Some sweet day by and by, May we when due with earthly cares, Meet our mother over there.

Cowpens.

A prudent farmer will not fail to sow cowpens during this month. It is the most favorable month for the purpose. If the stubble land could be broken after the wheat harvest and sown in peas they would greatly enrich the soil and put it in the best possible condition for another crop of wheat. The peas will ripen sufficiently by fall to be utilized in the fattening of swine, for which purpose they are as valuable as Indian corn. It is remarkable that so long a period elapsed in Southern agriculture before the cowpens was properly appreciated. It is destined to become one of the main supports of the Southern farmer, both for fertilizing purposes and for stock feed. Every year will witness an increased acreage, and the old fields that are now sown in many parts of the South will be reclaimed in time by the use of the cowpens.—Southern Farm Magazine.

DUCE TASK.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee la., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, threatened by A. M. Hughes, druggist, price 50c."

Success With Hens.

Mrs. A. C. Suddarth of Monterey, Highland county, Virginia, kept a record of the work done by her hens from March 15 to October 15, 1904. The result was 1254 eggs. Of these the first lot, November to the middle of last March, 111 Wyanadotte hens laid 842 eggs. The Highland Recorder, which gives these facts, says that this success has been achieved on the house lot of Mrs. Suddarth, about 57 feet square, less than one-third of which has been devoted to the hens.

While There is Life There is Hope. I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shultz, Italyway, N. J.
